Trustees and staff of the Summerfield Charitable Trust were welcomed by Gloucester Services for the November 2014 quarterly Trustee meeting, and were joined by Gloucestershire's Lord Lieutenant Janet Trotter.

About the Trust

The Summerfield Charitable Trust (SCT) was established by Ronald Summerfield, a Cheltenham antique dealer, shortly before his death in 1989. The board of five Trustees has discretion as to which charitable uses to apply the funds. The Trust is administered by Mrs Lavinia Sidgwick.

In 2014 £522,230 was distributed in a total of 104 grants, from £500 upwards. A copy of the latest Trust accounts is available upon request.

What we fund and how to apply

We encourage a diverse range of applicants and we are keen to be involved in projects, both large and small, that are imaginative and to which we can make a significant contribution.

See our funding criteria below, or view our Grants Paid pages for more information on current and past projects we have funded.

Geographical Area

Charities and organisations applying to the Trust must be based in the six district councils of Gloucestershire (i.e. Cheltenham, Gloucester, Stroud, Tewkesbury, Cotswolds or Forest of Dean); or they must be engaged in a project that is of specific benefit to residents within the county.

Viewed especially favourably are:

- The arts, museums and the built heritage;
- The environment and natural heritage;
- Community work;
- Education, sport and recreation;
- Vulnerable and disadvantaged sectors of society.

Applicants are asked to show they have considered:

- The impact of their projects upon the environment;
- Planning for long term self sufficiency, including training of staff or volunteers;
- The potential to work in partnership* with other statutory and non-statutory funders;
- Their active involvement with the people who will benefit;
- The outcomes of the project or service.

** Charities which can form partnerships to work together, particularly those needing funds for capital expenditure, will be exempt from VAT payments.*

Building Improvements

If you are applying for funds for a new building, or to make alterations to an existing building, you need to note that SCT is supportive of measures which reduce running costs, improve a building's 'performance', and improve facilities for users/staff. Your application would need to give a full explanation of what measures you have considered on:

- Sustainability;
- Building design and management;
- Ease of use.

In addition it is essential that you explain the ownership of the building and the nature of the agreement between the owner and the charity / organisation raising funds for the improvements.

Organisations we will fund:

- **Registered charities.**
- **Charitable Incorporated Organisations.**
- **Community Groups, Not-for-profit limited companies and Voluntary Groups:** Applications will only be accepted if supported by a letter of endorsement from a registered charity.
- **Community Interest Companies:** Applications must include a letter of endorsement from a registered charity, and a copy of audited accounts including a breakdown of salary costs.

We do not fund:

- medical research;
- private education;
- animal welfare appeals;
- fund trips abroad;
- projects that have already taken place.

Individuals: Applications from individuals are no longer accepted. Should an individual resident of Gloucestershire require financial support for educational needs, they are recommended to contact the Lumb's Education Trust. SCT awards an annual grant to Lumbs to enable it to support local residents on SCT's behalf. Write to: Mrs Margaret Wanless, Lumbs Education Trust, 4 Manor View, Cold Pool Lane, Up Hatherley, Cheltenham, GL51 6HZ.

Churches: Appeals from churches for renovation are not currently accepted. SCT awards an annual grant to Gloucestershire Historic Churches Trust to enable it to support the repair and improvements of buildings used for Christian worship throughout Gloucestershire. You are advised to contact GHCT via their website: [Gloucestershire Historic Churches Trust](#).

Repeat Grants: Charities which have been in receipt of a grant should not re-apply for at least two years, unless they have specifically been asked to do so.

HOW TO APPLY

The Trustees meet quarterly - usually in January, April, July, and October - to consider all applications received prior to the deadline dates (*see website*), and **prefer to support projects that will take place, or start, within six months of receiving the grant.** It is therefore important when applying to be clear about time scales and confident they will fit in with the timing of the quarterly meetings.

WE HAVE A TWO-STAGE APPLICATION PROCESS. Before completing the online application we strongly advise that you view the [What We Fund](#) and [Grants Paid](#) pages on our website to ensure that your project is eligible and meets with our funding criteria.

Introduction

2014 marked the 25th anniversary of the Trust. This gave Trustees the opportunity to reflect on the achievements of the past and to refresh the Trust's strategy for the future. During the year a short film was completed, describing the objectives of the Trust. This was shown at the Cheltenham Science Festival before the event sponsored by the Trust and can be viewed on the website.

The work of the Trust continues to play a significant part in maintaining and enhancing the quality of life in Gloucestershire. A total of £522,230 was donated by way of 104 grants to a wide variety of good causes. This was the first year that the number of grants had exceeded 90 and, with the exception of 2009 when £750,000 was contributed to The Wilson, the first year the value of donations had exceeded £500,000. Grants included donations to the National Star College for a student residential block, the rebuilding of the YMCA in Cheltenham, a riding school in Gloucester's City Farm and a grant to help upgrade Tewkesbury Rugby Football Club's changing rooms.

This level of grants was achieved by the excellent performance of the investments, under the management of Smith & Williamson, which ended the year at a value above £9.2m, a level above that recorded before the financial downturn in 2008.

The profile of the Trust continues to grow due to the high level of grants made, good attendances at events sponsored by the Trust and the ease of access for applicants to the updated website. With the current value of the Trust's investments, it is likely that annual grants will remain at the current level.

The 2014 Summerfield Lecture at the Cheltenham Literature Festival, "On Liberty" by Shami Chakrabati attracted a sell-out audience of 900 people in the Town Hall. The Trust also supported a well-attended and stimulating "Fracking Debate" at the Science Festival as well as supporting the Music Education Programme.

Trustees make a particular effort to keep well informed about the needs of the county and invite recognised leaders to meetings to hear their concerns. In 2014, Richard Graham MP and Dame Janet Trotter, Lord Lieutenant both made valuable contributions to that knowledge. It was particularly appropriate that Dame Janet attended the Trustees' meeting in Gloucester Services on the M5, which was opened earlier in the year. The Trust had made a crucial grant at the outset of this project and the outcome exceeds even the high expectations of that visionary application.

The strategic review undertaken during the year positions the Trust as open to approaches by other Charitable Trusts and, during the year, the transfer of funds from the Grace Fry Trust were confirmed, further strengthening the investments for 2015.

We are an experienced and well-organised grant-making charity, keen to encourage those looking to make donations or leave legacies for the benefit of the county. Our Trustees are not remunerated for the time and expertise which they give to they give to managing the Trust.

The Trustees look forward to the challenges and opportunities that lie ahead, working with the outstanding administration and advisors.
