About the Trust

The Summerfield Charitable Trust (SCT) was established by Ronald Summerfield, a Cheltenham antique dealer, shortly before his death in 1989. The board of five Trustees has discretion as to which charitable uses to apply the funds. The Trust is administered by Mrs Lavinia Sidgwick.

In 2015 £819,558 was distributed in a total of 102 grants, from £500 upwards. A copy of the latest Trust accounts is available upon request.

What we fund and how to apply

We encourage a diverse range of applicants and we are keen to be involved in projects, both large and small, that are imaginative and to which we can make a significant contribution.

See our funding criteria below, or view our Grants Paid pages for more information on current and past projects we have funded.

Geographical Area

Charities and organisations applying to the Trust must be based in the six district councils of Gloucestershire (i.e. Cheltenham, Gloucester, Stroud, Tewkesbury, Cotswolds or Forest of Dean); or they must be engaged in a project that is of specific benefit to residents within the county.

Viewed especially favourably are:

- The arts, museums and the built heritage;
- The environment and natural heritage;
- Community work;
- Education, sport and recreation;
- Vulnerable and disadvantaged sectors of society.

Applicants are asked to show they have considered:

- The impact of their projects upon the environment;
- Planning for long term self sufficiency, including training of staff or volunteers;
- The potential to work in partnership* with other statutory and non-statutory funders;
- Their active involvement with the people who will benefit;
- The outcomes of the project or service.

** Charities which can form partnerships to work together, particularly those needing funds for capital expenditure, will be exempt from VAT payments.*

Building Improvements

If you are applying for funds for a new building, or to make alterations to an existing building, you need to note that SCT is supportive of measures which reduce running costs, improve a building's 'performance', and improve facilities for users/staff. Your application would need to give a full explanation of what measures you have considered on:

- Sustainability;
- Building design and management;
- Ease of use.

In addition it is essential that you explain the ownership of the building and the nature of the agreement between the owner and the charity / organisation raising funds for the improvements.

Organisations we will fund:

- **Registered charities.**
- **Charitable Incorporated Organisations.**
- **Community Groups, Not-for-profit limited companies and Voluntary Groups:** Applications will only be accepted if supported by a letter of endorsement from a registered charity.
- **Community Interest Companies:** Applications must include a letter of endorsement from a registered charity, and a copy of audited accounts including a breakdown of salary costs.

We do not fund:

- medical research;
- private education;
- animal welfare appeals;
- fund trips abroad;
- projects that have already taken place.

Staff Costs: Recurring staff costs will NOT be supported. The Trustees will only occasionally consider funding staff/salary costs for limited periods. Bids for such funding should indicate clearly how, at the earliest opportunity, it is intended that such staff costs will be sustainably supported. We may also, in some circumstances, agree to fund a one-off project that has a proportion of staff costs in the overall budget.

Individuals: Applications from individuals are no longer accepted. Should an individual resident of Gloucestershire require financial support for educational needs, they are recommended to contact the Lumb's Education Trust. SCT awards an annual grant to Lumbs to enable it to support local residents on SCT's behalf. Write to: Mrs Margaret Wanless, Lumbs Education Trust, 4 Manor View, Cold Pool Lane, Up Hatherley, Cheltenham, GL51 6HZ.

Churches: Appeals from churches for renovation are not currently accepted. SCT awards an annual grant to Gloucestershire Historic Churches Trust to enable it to support the repair and improvements of buildings used for Christian worship throughout Gloucestershire. You are advised to contact GHCT via their website: [Gloucestershire Historic Churches Trust](#).

Repeat Grants: Charities which have been in receipt of a grant should not re-apply for at least two years, unless they have specifically been asked to do so.

HOW TO APPLY

The Trustees meet quarterly - usually in January, April, July, and October - to consider all applications received prior to the deadline dates (*see website*), and **prefer to support projects that will take place, or start, within six months of receiving the grant**. It is therefore important when applying to be clear about time scales and confident they will fit in with the timing of the quarterly meetings.

WE HAVE A TWO-STAGE APPLICATION PROCESS. Before completing the online application we strongly advise that you view the [What We Fund](#) and [Grants Paid](#) pages on our website to ensure that your project is eligible and meets with our funding criteria.

Introduction

The work of the Trust continues to play a significant part in maintaining and enhancing the quality of life in Gloucestershire. A total of £819,558 was awarded by way of 102 grants to a wide variety of good causes.

Grants included a major contribution of £359,000 to Gloucester Cathedral's 'Project Pilgrim', a ten-year programme of capital development. The Trust's grant is specifically for the renovation of the Lady Chapel and will be paid in two instalments.

Other significant grants were made to New Brewery Arts in Cirencester, Prema Arts Centre in Uley, Tewkesbury's Roses Theatre Trust, the support of Community Library Services in Brockworth, Cirencester Open Air Swimming Pool, Gloucestershire Bike Project, the Nelson Trust to provide an advice service to inmates of Eastwood Park prison prior to their release, Play Gloucestershire and several individual sports clubs, and Gloucestershire Wildlife Trust to support their 'Cradle of the Cotswolds' initiative.

This level of grants was achieved by the excellent performance of the investments, under the management of Smith & Williamson, which ended the year at a value above £9m

Grace Fry Charitable Trust: The transfer of £314,535.53 was confirmed in March. Grace Fry was particularly keen to support the preservation of the countryside and national heritage, Cheltenham charities, children and the disabled, and charities working with cancer. The Trustees have decided to allocate a single grant of between £10-15,000 in Grace Fry's name once a year, whenever an appropriate application presents itself. The 2015 Grace Fry award of £15,000 was given to the Sue Ryder Foundation.

During the year, Trustees effected a Policy amendment with regards to applications to cover staff costs whereby recurring staff costs will not be supported. The Trustees will only consider funding staff/salary costs for limited periods. Bids for such funding should indicate clearly how, at the earliest opportunity, it is intended that such staff costs will be sustainably supported.

The profile of the Trust continues to grow due to media coverage of the high level of grants received, good attendances at events sponsored by the Trust and the ease of access for applicants to the updated website.

The 2015 Summerfield Lecture at the Cheltenham Literature Festival was 'The Ultimate Guide to Happiness', a panel event with Anthony Seldon, Rev. Lucy Winkett and William Montgomery in the Town Hall. The Trust also supported a well-attended and stimulating event, 'Humanity: A Geological Superpower' given by Mark Maslin at the Cheltenham Science Festival, as well as supporting the Music Education Programme & FIRST STORY, a Literature Festival education project enabling professional writers to work in secondary schools in low income communities, the outcome of which was the publication of pupils' work.

Trustees attended HRH The Prince of Wales opening the south side of Gloucestershire Gateway Service Station, the opening of new buildings at the YMCA in Cheltenham by HRH The Princess Royal, and St James City Farm for Queen's Award for Volunteering.

We are an experienced and well-organised grant-making charity, keen to encourage those looking to make donations or leave legacies for the benefit of the county. Our Trustees are not remunerated for the time and expertise which they give to managing the Trust.

The Trustees look forward to the challenges and opportunities that lie ahead, working with the outstanding administration and advisers.
