About the Trust

The Summerfield Charitable Trust (SCT) was established by Ronald Summerfield, a Cheltenham antique dealer, shortly before his death in 1989. The board of five Trustees has discretion as to which charitable uses to apply the funds. The Trust is administered by Mrs Lavinia Sidgwick.

In 2017 £578,167 was awarded in grants, including 5 pledges totalling £105,132 which will be paid over the next two years. A copy of the latest Trust accounts is available upon request.

What we fund and how to apply

We encourage a diverse range of applicants and we are keen to be involved in projects, both large and small, that are imaginative and to which we can make a significant contribution.

See our funding criteria below, or view our Grants Paid pages for more information on current and past projects we have funded.

Geographical Area

Charities and organisations applying to the Trust must be based in the six district councils of Gloucestershire (i.e. Cheltenham, Gloucester, Stroud, Tewkesbury, Cotswolds or Forest of Dean); or they must be engaged in a project that is of specific benefit to residents within the county.

Viewed especially favourably are:

- The arts, museums and the built heritage;
- The environment and natural heritage;
- Community work;
- Education, sport and recreation;
- Vulnerable and disadvantaged sectors of society.

Applicants are asked to show they have considered:

- The impact of their projects upon the environment;
- Planning for long term self sufficiency, including training of staff or volunteers;
- The potential to work in partnership* with other statutory and non-statutory funders;
- Their active involvement with the people who will benefit;
- The outcomes of the project or service.

** Charities which can form partnerships to work together, particularly those needing funds for capital expenditure, will be exempt from VAT payments.*

Building Improvements

If you are applying for funds for a new building, or to make alterations to an existing building, you need to note that SCT is supportive of measures which reduce running costs, improve a building's 'performance', and improve facilities for users/staff. Your application would need to give a full explanation of what measures you have considered on:

- Sustainability;
- Building design and management;
- Ease of use.

In addition it is essential that you explain the ownership of the building and the nature of the agreement between the owner and the charity / organisation raising funds for the improvements.

Organisations we will fund:

- **Registered charities.**
- **Charitable Incorporated Organisations.**
- **Community Groups, Not-for-profit limited companies and Voluntary Groups:** Applications will only be accepted if supported by a letter of endorsement from a registered charity.
- **Community Interest Companies:** Applications must include a letter of endorsement from a registered charity, and a copy of audited accounts including a breakdown of salary costs.

We do not fund:

- medical research;
- private education;
- animal welfare appeals;
- fund trips abroad;
- projects that have already taken place.

Staff Costs: Recurring staff costs will NOT be supported. The Trustees will only occasionally consider funding staff/salary costs for limited periods. Bids for such funding should indicate clearly how, at the earliest opportunity, it is intended that such staff costs will be sustainably supported. We may also, in some circumstances, agree to fund a one-off project that has a proportion of staff costs in the overall budget.

Individuals: Applications from individuals are no longer accepted. Should an individual resident of Gloucestershire require financial support for educational needs, they are recommended to contact the Lumb's Education Trust. SCT awards an annual grant to Lumbs to enable it to support local residents on SCT's behalf. Write to: Mrs Margaret Wanless, Lumbs Education Trust, 4 Manor View, Cold Pool Lane, Up Hatherley, Cheltenham, GL51 6HZ.

Churches: Appeals from churches for renovation are not currently accepted. SCT awards an annual grant to Gloucestershire Historic Churches Trust to enable it to support the repair and improvements of buildings used for Christian worship throughout Gloucestershire. You are advised to contact GHCT via their website: [Gloucestershire Historic Churches Trust](#).

Repeat Grants: Charities which have been in receipt of a grant should not re-apply for at least two years, unless they have specifically been asked to do so.

HOW TO APPLY

The Trustees meet quarterly - usually in January, April, July, and October - to consider all applications received prior to the deadline dates (*see website*), and **prefer to support projects that will take place, or start, within six months of receiving the grant**. It is therefore important when applying to be clear about time scales and confident they will fit in with the timing of the quarterly meetings.

WE HAVE A TWO-STAGE APPLICATION PROCESS. Before completing the online application we strongly advise that you view the [What We Fund](#) and [Grants Paid](#) pages on our website to ensure that your project is eligible and meets with our funding criteria.

Introduction

The work of the Trust continues to play a significant part in maintaining and enhancing the quality of life in Gloucestershire. In 2017 a total of £578,167 was awarded to a wide variety of good causes; this sum included 5 pledges totalling £105,132 which will be paid over the next two years. Significant progress has been made on the restoration of Gloucester Cathedral's Lady Chapel, SCT's final payment of £179,500 was paid in April 2017.

Significant grants were made to: Friends of Corinium Museum in Cirencester for the new Discovery Centre; Tetbury Goods Shed for a new arts centre and the Cotswold Canal Trust was promised £40,000 towards the building of a new bridge. As agreed when Trust funds were merged with Summerfield's in 2015, two grants were made in the name of Grace Fry, one to the Asthma Relief Fund and one to Brain Tumour Support both for £5000.

We continue to support a Science and Literature Lecture at Cheltenham Festivals . The 2017 Summerfield Event at the Science Festival was on the theme of Our Future World: Populations and People: when Dallas Campbell joined forced-migration expert Alex Betts, gerontologist Sarah Harper and geographer Ben Rogaly to discuss refugees and baby boomers. The 2017 Summerfield Event at the Literature Festival was given by Sir Chris Bonington, the mountaineer. SCT also supported the Education Department's 'Reading Teachers, Reading Pupils' project, and we have agreed to fund it for the next two years.

We were pleased to welcome our team of advisers to the Museum in the Park, in Stroud to discuss grant-making in the county. Barbara Pond from Gloucestershire Rural Community Council addressed the meeting.

The Trustees continued their strategy to engage with the county's Leadership and welcomed Martin Surl, Chair of Police and Crime Commission for Gloucestershire to discuss common ground between the PCC Fund and SCT.

During the year, we have compiled a risk register, which we will review annually.

Smith & Williamson, our investment managers, continue to accrue an increase in the value of our fund, reaching over £10m this year. The profile of the Trust continues to grow due to media coverage of the high level of grants received, good attendances at events sponsored by the Trust and the ease of access for applicants to the updated website.

We are an experienced and well-organised grant-making charity, keen to encourage those looking to make donations or leave legacies for the benefit of the county. Our Trustees are not remunerated for the time and expertise which they give to managing the Trust. The Trustees look forward to the challenges and opportunities that lie ahead, working with the outstanding administration and advisers, who add their expertise to the Trustee's decision making on applications.
